

Goodguys 34nd West Coast Nationals Car Show

Dear Customers,

We're heading to the Goodguys 34nd West Coast Nationals Car Show on August 27, 28, and 29 at the Alameda County Fairgrounds in Pleasanton, CA, and we would love to see you there! The 3-day show features thousands of rods, customs, classics, muscle cars, and trucks all from 1972 and earlier. America's most beautiful street rod will be crowned and spectators can enjoy a Goodguys AutoCross, numerous displays, live entertainment, and a kids zone complete with arts & crafts, games, prizes, and free make and takes. Share your love of cars with your family!

There will also be a number of vendor and manufacturer exhibits, including a 911Tracker indoor booth for the 7th year in a row. Make sure you stop by our booth to say hello and learn more about the T3 Tracker and all of its capabilities.

For full details and tickets/registration: <https://www.good-guys.com/wcn>

We will be demonstrating the **911Finder cellular watch** for a person with dementia, Alzheimer's, autism, or is just prone to wander. The Finder alerts their Caregiver of an emergency. The Caregiver taps the App commanding the Finder to make a 3-way call to the 911-Operator located closest to the person.

Looking forward to seeing you there --

Sincerely,
Chuck Roedel
